Whether you love him or hate him, Donald Trump is the Republican front-runner for the 2016 presidential election. Author Gieseril invites you to form an educated opinion as he breaks down the science behind Trumps often controversial behaviors. Gieseril provides a critical analysis on Trumps actions and verbal messages revealed in his books, interviews, and debates, and he explains how these approaches might apply to Trumps potential role as president. Trump has made famous claims attributing his success to belonging to the lucky sperm club and having the it factor. His prosperous qualities may very well have been inherited, but is it possible that his weaknesses and aggressive temperament also stem from his genetics Donald Trump, Lucky Sperm Club, and the It Factor offers an in-depth critique of the Republican candidate, allowing voters to gain a better understanding of the man and judge for themselves whether Trumps eccentricities make him the best option for presidentor perhaps the worst. This item ships from La Vergne, TN. Paperback.
