Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

PRESERVATION OF LEARNING: WITH AN INTRODUCTION ON HIS LIFE AND THOUGHT (HARDBACK)

Maney Publishing, United Kingdom, 2016. Hardback. Condition: New. Language: English . Brand New Book. Yen YUan [1635-1704] . . has an enduring place in the history of pre-modern Chinese thought. No one before him had so vigorously opposed the speculative Neo-Confucianism which dominated Chinese thought for several centuries, and no one had stressed practical experience so forcefully. These two aspects were well expressed in his Ts un-hsUeh pien (Preservation of Learning), although his criticism of the Neo-Confucian concepts of human nature was more systematically expressed in his Ts un-hsing pien (Preservation of Human Nature). The publication of an English translation, especially a good translation, of the Ts un-hsUeh pien will certainly contribute considerably to the scholarship of pre-modern Chinese thought. With the help by Professor Chi-chen Wang, Mr. Mansfield Freeman s translation is not only very accurate . but much more readable than the original text.
