Reviews

This publication is worth getting. it was writtern really flawlessly and valuable. Its been designed in an exceedingly easy way and is particularly only right after i finished reading this ebook through which in fact altered me, affect the way i believe.

(Lester Ebert)

WYOMING LEGAL RESEARCH (HARDBACK)

Carolina Academic Press, United States, 2017. Hardback. Condition: New. Language: English . Brand New Book. The second edition of Wyoming Legal Research maintains the same practical research techniques and solid focus on Wyoming resources as the first edition. The text, geared towards students and members of the general public with little to no experience in researching legal issues, is also appropriate for practicing attorneys wishing to identify the most effective coverage among specific legal resources. This edition updates searching capabilities within the latest platforms of major commercial legal databases Lexis and Westlaw, with added coverage of newer products such as Bloomberg Law and Casemaker. The text includes information regarding access to freely-available primary and secondary legal resources on the internet as well as Wyoming-specific web sites and treatises. It explores the administrative process more deeply and updates Wyoming and federal legislative history features within both commercial and free databases. The chapter on citing options, commonly known as Shepardizing, has been rewritten, as has the legal citation chapter which now references the revised editions of The Bluebook and ALWD Citation Manual. Images and examples have been updated throughout. Wyoming Legal Research remains an essential text for learning and practicing legal research in the state.
