# THz GENERATION AND DEVICES: DESIGN, FABRICATION AND CHARACTERIZATION

Cuvillier Verlag Aug 2012, 2012. Taschenbuch. Condition: Neu. Neuware - The THz frequency band (0.1 - 10 THz) is located in between the well explored optical frequencies and the microwave band. Despite growing research efforts in the last two decades, THz sensing systems are far from robust and cost effective. The development of passive devices for THz applications like waveguides, filters, reflectors and modulators is in the beginning of being established. This work contributes to the field by introducing novel...
