U.K / Berg, 1995. Hardcover. Condition: New. No Jacket. This is a look through the provocative examination of feminist and Marxist approaches to women's art and female representations, this book challenges the widespread belief that Marxism has nothing valuable to contribute to women's studies. The author argues that, from the French Revolution through to the present, gender and class have shaped visual imagery. She shows how Marxist theory can function to question some of the premises of feminist art histories and to provide a more accurate understanding of the meaning(s) of visual imagery. With over 50 illustrations. This is a 1st edition hardback, with laminated pictorial boards, in new condition. (205 pages & 16 pages of introduction).
